CAREER OBJECTIVE

Passionate and detail-oriented Web Developer with robust hands-on experience in full-stack MERN development. Aiming to leverage strong technical competence in building modern, optimized, and responsive real-time web applications to contribute effectively to organizational growth while further honing software engineering skills.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js
Backend & DB: Node.js, Express.js, MongoDB
Languages & Tools: Python, PHP, Git, GitHub, REST APIs, Postman

PROJECTS

V-Code

[GitHub](#) | [Live Demo](#)

- Developed a highly interactive, full-stack real-time collaborative communication platform utilizing the MERN stack.
- Integrated **WebRTC** and **Socket.io** to enable low-latency, peer-to-peer video calling and robust real-time message streaming capabilities across multiple clients.
- Implemented secure user authentication workflows and dynamic room permission controls using custom middleware logic.
- Designed a responsive, modern dark-themed user interface optimized for cross-browser device support and continuous state tracking.

QuickChat

[GitHub](#) | [Live Demo](#)

- Architected a real-time instant messaging application utilizing **Socket.io** for instant, bi-directional client-server data synchronization.
- Engineered reliable session management along with centralized React application state configurations to ensure persistent interface rendering.
- Designed a fully mobile-first and fluid UI layout using clean modern styles to maximize page engagement and accessibility scores.

Resume Builder

[GitHub](#) | [Live Demo](#)

- Built a robust end-to-end web utility tool allowing users to seamlessly generate, update, and real-time preview custom professional resume drafts.
- Leveraged core **React.js** functional architectures for state validation paired with a Node.js server managing structured JSON schemas inside MongoDB.

EDUCATION

Bachelor of Computer Applications (BCA)

2023 – 2026

Navgujarat BCA College

Senior Secondary (12th Standard, GSEB)

2023

CRPV School — Result: 77.14%
